## Appendix B: What to Expect in a Virtual or In-Home Visit

### What should I expect leading up to my visit?

#### For Virtual Visits:

- Provider Enters the Visit (virtual)
- Your provider will collect any prior medical history if needed
- If an exam is required, your provider will inform you on next steps
- Provider will review findings and chat through diagnosis / treatments

#### For In-Home Visits:

- Your provider will update the app when they leave and arrive. This will notify you in-app
- Your provider will collect any prior medical history if needed
- If an exam is required, your provider will inform you on next steps
- Provider will review findings and chat through diagnosis / treatments

### What should I expect after my visit?

Upon completing your visit, please allow 24 hours for your records to be charted and completed, this also applies for any lab draws or prescriptions. Depending on the care provided, the post visit process may look something like the following:

- A member engagement specialist will follow up with you post-visit
- You will be notified in the 'help chat' section about any lab results/prescriptions
- Your visit summary will be available within 24 hours
- If you need results sooner than 24 hours, you should chat with your provider about that during your appointment

### Member expectations

- Please ensure you are in a private space and can give your un-divided attention to your provider
- Have access to your mobile phone in case your provider needs to contact you
- Connect to reliable WIFI for any telemedicine visits
- Double check the service you require is covered under your Vitable membership

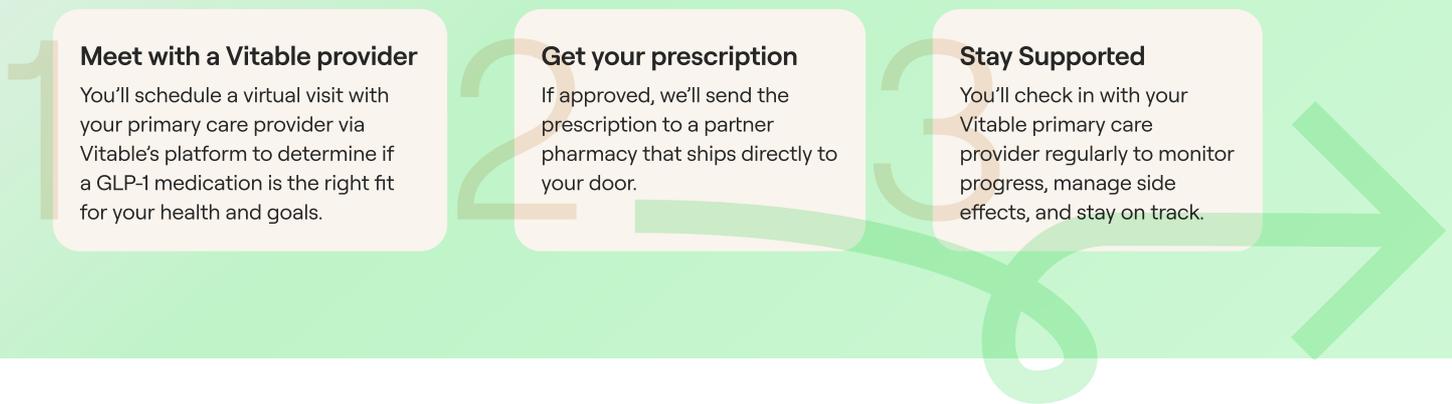

# Vitable's *GLP-1* Program

Vitable

## A better way to access prescription weight loss support

Our GLP-1 program helps eligible members access medications like Wegovy® (semaglutide) or Zepbound® (tirzepatide) through your Vitable Primary Care membership.

### How It Works

### What's included in the GLP-1 Program

- Virtual one-on-one medical evaluation and eligibility screening
- Ongoing primary care and monthly or quarterly follow-ups
- FDA-approved medications Wegovy® (semaglutide) or Zepbound™ (tirzepatide)
- Prescription management and guidance
- Help managing side effects and lifestyle adjustments
- Mental health support
- Access to 1000+ free additional prescriptions and labs for managing other conditions

### How do I take the medication?

Both Wegovy® and Zepbound™ are injectable medications, but the experience is different depending on the drug:

**wegovy®**  
semaglutide injection

comes in a pre-filled injection pen. There's no vial or syringe, and the pen is designed to be simple and discreet to use at home — just press it against your skin and click.

**zepbound™**  
(tirzepatide) injection

is currently available as a multi-dose vial, which means it requires a small syringe for self-injection. Your provider will show you exactly how to use it safely and confidently.

**Not sure which one is right for you?** Your provider will walk through the options and guide you based on medical needs, preferences, and comfort with the method of use.

## Who's eligible?

### You may qualify if

Your BMI is over 30, or  
Your BMI is 27+ with a weight-related condition, like:

High blood pressure

Type 2 diabetes

High cholesterol

Sleep apnea

Heart disease

Fatty liver

Osteoarthritis

\* Your Vitable primary care provider will walk you through the clinical guidelines during your visit. \*

## Vitable Primary Care

All visits, labs, mental health, and lifestyle support are included in your Vitable membership offered by your employer.

Cost

## Medication Cost

**\$499/mo**

one of the lowest available rates

Available in 40+ states: Coming soon in Florida, Georgia, Indiana, Louisiana, Mississippi, Missouri, South Carolina, and Tennessee. \*\* Not available in Alabama (due to state telehealth restrictions).

## Frequently Asked Questions

### What are GLP-1s?

GLP-1s are injectable medications that help with weight loss by reducing appetite, slowing digestion, and improving insulin response.

### What medications are included?

Wegovy® (semaglutide) and Zepbound™ (tirzepatide)

### Is this covered by insurance?

No, this is a cash-pay only program through our pharmacy partners.

### How often do I need follow-ups?

Typically monthly at first, then every 3 months once stable.

### What are the side effects?

Most people tolerate the medication well, but common side effects include nausea, constipation, fatigue, and loss of appetite. Your provider will discuss all risks with you.

### Will I gain weight back after stopping?

There's a chance — but with the right support, lifestyle habits, and medical guidance, you can reduce that risk.

# Vitable's Premium *Lab Panel*

Vitable

## Take Control of Your Health

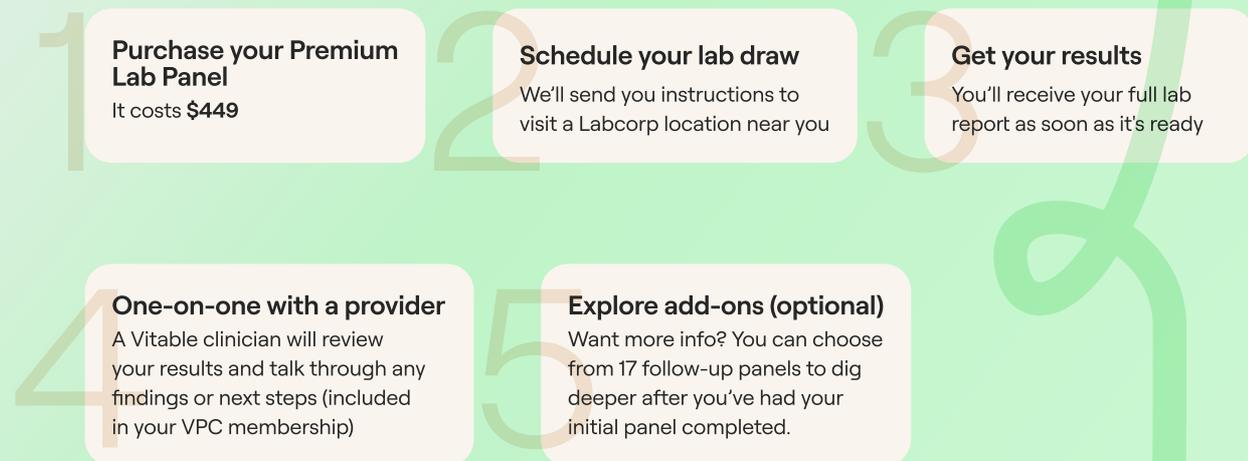

Preventative testing made simple — so you can catch issues early and stay ahead of your health.

You'll receive clear instructions from your provider, but you can also review how to safely take your medication using the links below.

### What Is It?

Think of it as your health's annual report. Covering everything from cardiovascular risk to vitamin deficiencies, our Premium Lab Panel is designed to screen for potential issues before they become a problem, providing you and your provider with a more comprehensive view of your health.

### How It Works

### How Much Does It Cost?

- \$449 for the full baseline panel (paid directly to Vitable)
- Add-on labs are priced individually and available only after your baseline review
- Provider visits, follow-ups, and care coordination are included in your Vitable Primary Care membership
- No insurance required. No hidden fees. No copays or deductibles.

## What's Included

Included	Details
Lab Tests	About 100 tests across 16 organ systems
Lab Draw	Single blood draw via Labcorp (nationwide access)
Add-On Panels Available	17 targeted panels (ordered after provider review)
Provider Review & Follow-up	Clinical review + follow-up with a Vitable clinician. Included for free in your VPC membership
Insurance Required?	No
Hidden Fees?	No
Cost	\$449 (self-pay)

## Common Questions

### Do I need to see a provider first?

No — you'll do the labs first and review results with your provider afterward.

### What if something looks off?

Your Vitable provider will walk through your results and help you create a plan, including any necessary follow-up testing.

### Can I get a copy of my results?

Yes — you'll receive a notification once your results are ready, and you can download the full report.

### Do I need to fast?

Yes — please fast for 8–12 hours before your lab draw. Water is okay.

### Can I skip the add-ons?

Definitely. The baseline panel is designed to give you a comprehensive overview on its own. Add-ons are optional.

### Is this covered by insurance?

No — this program is self-pay and outside of insurance, but it's designed to be affordable and transparent.

### How long does it take to get results?

You'll typically get your lab results within 3–5 business days after your Labcorp visit. We'll notify you as soon as they're ready.

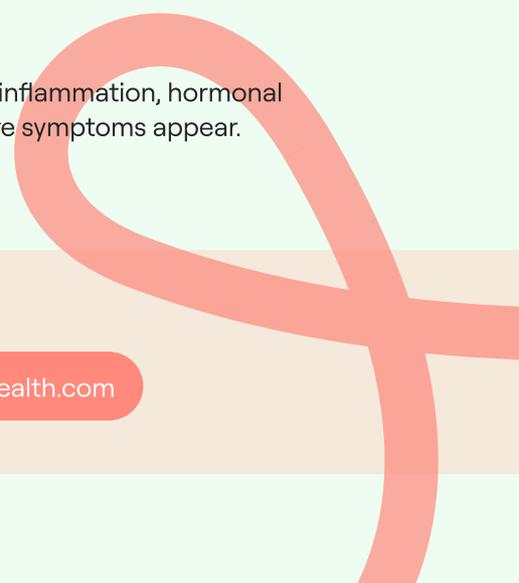

### What kinds of things can this panel help detect?

The Premium Lab Panel can help identify early signs of heart disease, diabetes, inflammation, hormonal imbalances, liver and kidney issues, nutrient deficiencies, and more, often before symptoms appear.
